ADMINISTRATIVE ENFORCEMENT
  Environmental compliance program, 1:133

ADVERTISING
  Environmental compliance program, FTC guidelines for green advertising, 4:49

AFFORDABLE CLEAN ENERGY
  EPA actions under Clean Air Act, 4:20

AIR
  Generally, 4:17 to 4:31
  Air Resources Board Scoping Plan, 4:23
  California Global Warming Solutions Act (A.B. 32), 4:23
  Control technique guidelines, 4:27
  Endangerment finding, Massachusetts v. EPA litigation, 4:20
  Federal Greenhouse Gas Reporting Program, 4:21
  Greenhouse gas emission
    Federal Greenhouse Gas Reporting Program, 4:21
    Reduction, overview of state objectives, 4:24
    Regional Greenhouse Gas Initiative (RGGI), 4:22
    State standards, 4:18
  Industrial categories covered by new source performance standards, 4:28
  Massachusetts v. EPA litigation
    Affordable Clean Energy rule, 4:20
    Clean Power Plan, 4:20
    Decision, 4:19
    Endangerment finding by EPA, 4:20
    Federal Greenhouse Gas Reporting Program, 4:21
  Maximum Achievable Control Technology and toxic air pollutants, 4:29
  New source performance standards, industrial categories covered by, 4:28
  Non attainment lists, 4:17
  Ozone depleting substances, list of, 4:26
  Quality standards survey, 4:30
  Regional Greenhouse Gas Initiative (RGGI), 4:22
  Standards and categorical lists, generally, 4:17 to 4:31
  State standards, greenhouse gas emission, 4:18
  Survey of air quality standards, 4:30

ARMY CORPS OF ENGINEERS (ACOE)
  Jurisdiction, 1:124
  Wetlands permitting, 1:92

ASBESTOS
  Environmental Protection Agency (EPA), regulations, 1:66
ASBESTOS—Cont’d
   Removal procedure checklist, 4:46
   Storage and use of hazardous substances, 1:66, 1:71
   Toxic Substances Control Act (TSCA), 1:66

AUDITING AND SELF REPORTING RESOURCES
   Generally, 3:26 et seq., 4:8
   Baseline procedures, 3:26
   Checklist of key environmental issues for ongoing compliance, 4:9
   Current issues for updating effective environmental compliance program, 4:11
   International environmental audits, 4:10
   Sample regulation tracking matrices, generally, 4:8
   State environmental audit policies, 4:12

BONA FIDE PURCHASERS
   Cleanup costs and liabilities, 1:35, 2:95, 4:7

CALIFORNIA GLOBAL WARMING SOLUTIONS ACT
   Air Resources Board Scoping Plan, 4:23

CARBON DIOXIDE
   Pollutant, as, 1:76

CHECKLISTS
   Auditing and self reporting resources, checklist of key environmental issues for ongoing compliance, 4:9
   Drinking water checklist, 4:33
   Due diligence environmental investigation checklist, 4:6
   Investigation checklist, sample policies, guides, and checklists, 4:6
   PCBs, checklist for items suspected of containing, 4:43
   Preparation for environmental inspection checklist, 4:13

CHEMICALS, HAZARDOUS MATERIALS AND OIL
   Air pollutants, list, 4:25
   Asbestos removal procedure checklist, 4:46
   Checklists
      Asbestos removal procedure, 4:46
      PCBs, checklist for items suspected of containing, 4:43
   Definition of hazardous waste, 4:37
   Generators, standards for management of used oil by, 4:45
   List subject to reporting under federal environmental laws, 4:16
   OSHA hazard communication standard, summary of, 4:41
   Recycling of hazardous waste, 4:40
   Standards and categorical lists, generally, 4:41 to 4:47
   Storage tanks, C.F.R. requirements for, 4:44
   Waste, discarded chemical products and residues, 4:39

CLEAN AIR ACT
   Air quality
      Carbon dioxide as pollutant, 1:76
      Prevention of significant deterioration (POD) rules, 1:81

Index-2

FORMS AND EXHIBITS—Cont’d
Greenhouse gas emissions
   Federal Greenhouse Gas Reporting Program, 4:21
   Reduction, overview of state objectives, 4:24
   Regional Greenhouse Gas Initiative (RGGI), 4:22
   State standards, 4:18
Hazardous air pollutants
   List of, 4:25
      Maximum Achievable Control Technology, 4:29
Hazardous waste
   Defined, 4:37
   Recycling, 4:40
Industrial categories, industrial categories covered by new source performance standards, 4:28
Industrial categories covered by new source performance standards, 4:28
Industry standards, agencies, and guidelines, EPA, 4:48
International environmental audits
   Generally, 4:10
   Environmental compliance, 4:10
International Standards organization (ISO) 1400/14001
   Comparison of ISO 14001 to this handbook, 4:50
   ISO 14000 publications and guidance, 4:51
Investigation checklist, sample policies, guides, and checklists, 4:6
ISO 14000 publications and guidance, 4:51
Lists
   Hazardous air pollutants, 4:25
   PCB uses, list of authorized, 4:42
Management of hazardous waste by recycling, 4:40
Management plan, 4:5
New source performance standards
   Environmental compliance, industrial categories covered by new source performance standards, 4:28
   Industrial categories covered by, 4:28
Nonattainment lists, 4:17
Officers, protecting against vicarious liability, 4:1
OSHA hazard communication standard, summary of, 4:41
Ozone depleting substances, list of, 4:26
PCBs
   Checklist for items suspected of containing, 4:43
   List of authorized PCB uses, 4:42
Preparation for environmental inspection checklist, 4:13
Protecting the company, directors, officers, and senior managers against vicarious liability, 4:1
Quantification, worksheet for quantifying transactional risks, 4:4
Quantifying transactional risks, worksheet for, 4:4
Real estate transfers triggering state cleanup or disclosure requirements, 4:7
REPORTING REQUIREMENTS AND RECORD KEEPING

- Chemicals, list subject to reporting under Emergency Planning and Community Right to Know Act (EPCRA), 4:16
- EPCRA reporting requirements, generally, 4:15

SAMPLE POLICIES, GUIDES, AND CHECKLISTS

- Generally, 4:2 et seq.
- Cleanup requirements, real estate transfers triggering, 4:7
- Disclosure requirements, real estate transfers triggering, 4:7
- Due diligence environmental investigation checklist, 4:6
- Investigation checklist, 4:6
- Management plan, 4:5
- Quantifying transactional risks, worksheet for, 4:4
- Real estate transfers triggering state cleanup or disclosure requirements, 4:7
- Senior managers, protecting against vicarious liability, 4:1
- Solid waste defined, 4:37
- State environmental audit policies, 4:12
- State standards, greenhouse gas emissions, 4:18
- Storage tanks
  - C.F.R. requirements for, 4:44
  - Environmental compliance, C.F.R. requirements for storage tanks, 4:44
- Storm water permit requirements of EPA, 4:32
- Vicarious liability, protecting the company, directors, officers, and senior managers against, 4:1

WASTE

- Chemicals, discarded chemical products and residues, 4:39
- Defined, 4:37
- Discarded chemical products and residues, 4:39
- Exclusions, 4:38
- Hazardous waste, above
- Solid waste defined, 4:37
- Standards and categorical lists, generally, 4:37 to 4:40

WASTEWATER

- Categorical effluent guidelines for, 4:34
- Environmental compliance, categorical effluent guidelines for wastewater, 4:34

WATER

- Drinking water checklist, 4:33
- Effluent guidelines for wastewater, 4:34
- Standards and categorical lists, generally, 4:32 to 4:36
- Storm water permit requirements of EPA, 4:32
- Wastewater, categorical effluent guidelines for, 4:34

GENERAL COUNSEL’S ROLE

- Environmental compliance program, internal audits, 3:27

GENERATORS

- Environmental compliance, standards for management of used oil by generators, 4:45

Index-16

INDEX

REPORTS AND REPORTING—Cont’d
Release of hazardous substances—Cont’d
   Reportable quantities (RQ), 1:45
   Toxic Substances Control Act (TSCA), 1:61
Securities and Exchange Commission rules, 1:118
Storage and use of hazardous substances
   Chemical Data Reporting Rule, 1:60
   Compliance and reporting requirements, 1:40
   Emergency Planning and Community Right to Know Act, 1:44, 1:46-1:48
   Preliminary Assessment Information Rule, 1:60
   Toxic Substances Control Act, 1:61
   Trade secret disclosures, 1:52
Tank storage exemption status, 3:35
Toxic Chemical Release Inventory Form (Form R), 1:49
   Applicability, 1:50
   Contents, 1:51
Toxic Substances Control Act (TSCA)
   Chemical Data Reporting Rule, 1:60
   Polymer exemption status, 1:56
   Preliminary Assessment Information Rule, 1:60
   Records retention, 1:64
   Release of hazardous substances, 1:61
   Storage and use of hazardous substances, 1:61
Used oil exemption status, 3:35
Voluntary reporting, 1:114

RESOURCE CONSERVATION AND RECOVERY ACT (RCRA)
Activities covered, 1:94
Cement kiln dust exclusion, 1:96
Classification of wastes, 1:95
Closure requirements, 1:101
Corrective action, 1:102
Crude oil or natural gas exploration, development and production, exclusion of wastes, 1:96
Derived from rule, 1:95
Design and installation of underground storage tanks, 1:103
Determination that material is not waste, 1:98
Disposal of hazardous waste, 1:101
Enforcement, 1:99
Exclusions, 1:96
Formal determination that material is not waste, 1:98
Fossil fuel combustion waste, exclusion, 1:96
Generators of hazardous waste, 1:99
Geothermal energy, exclusion of wastes, 1:96
Hazardous secondary material, 1:98
Hazardous waste, 1:95, 1:101
Imminent and substantial endangerment, 1:27
Interim status facilities, 1:101

Index-29
RESOURCE CONSERVATION AND RECOVERY ACT (RCRA)—Cont’d

Large quantity generators, 1:99
Liable entities and individuals, 1:26
Mining overburden exclusion, 1:96
Mixture rule, 1:95
Notification of Hazardous Waste Activity, 1:99
Oil and gas drilling waste exclusion, 1:96
Oil production brines exclusion, 1:96
Oil recycling rules, 1:97
Operators defined, 1:28
Owners defined, 1:28
Penalty exposure, 3:41
Persons defined, 1:28
Phosphate rock mining, beneficiation and process waste, exclusion, 1:96
Potentially responsible parties, 1:26
Private party cost recovery actions, 1:27
Recyclable materials, 1:97
Release reporting, 1:111
Small quantity generators, 1:99
Solid waste defined, 1:95
Solid waste management unit (SWMU), 1:102
Special waste defined, 1:95
State implementation, 1:99
Storage of hazardous waste, 1:101
Treatment of hazardous waste, 1:101
TSD facilities, 1:101
Underground storage tanks (USTs), 1:103
Uranium waste, exclusion, 1:96
Waste reduction programs, 1:147
Wastewater treatment units, 1:101

RISK ASSESSMENT

Generally, 2:60 et seq.
Closures of facilities, 2:84, 2:85
Costs, 2:64
Criteria, 2:61
Customer perceptions, 2:65
Discoverability of noncompliance, 2:63
Dissolution of corporations, 2:81, 2:82
Environmental Protection Agency (EPA) policy statement, 1:6
International standards and laws, 3:73
Liability exposure, 2:65, 2:66
Mergers and acquisitions
Audit report evaluation, 2:91
Business history, 2:80
Compliance issues, 2:79, 2:80
Contingent liabilities, 2:78, 2:79
Future compliance requirements, 2:82, 2:83
RISK ASSESSMENT—Cont’d
Mergers and acquisitions—Cont’d
New businesses, 2:72
New products or new uses, 2:71
Past owner and operator practices, 2:80, 2:81
Potential liabilities, 2:82, 2:83
Predecessor’s activities, 2:81, 2:82
Real property, 2:78
Parent and subsidiary corporations, 2:81, 2:82
Penalties for noncompliance, 2:62
Production losses, 2:64
Public perceptions, 2:65
Real estate
Audit phases, 2:74
Compliance issues, 2:77, 2:78
Contamination and other contingencies, 2:73
Corrective action, 2:77, 2:78
Cost considerations, 2:77, 2:78
Document review, 2:74, 2:76
Due diligence requirements, 2:73
Farmland, 2:77, 2:78
Industrial properties, 2:77, 2:78
Interviews of knowledgeable parties, 2:76, 2:77
Sampling and testing, 2:77, 2:78
Site inspection, 2:77
Undeveloped properties, 2:77, 2:78
Wetlands, 2:77, 2:78
Sales of businesses, 2:83, 2:84
Shutdown in production, 2:64
State corrective action programs, 2:78
Successor corporations, 2:81, 2:82
Survival of tort claims, 2:66
Tax implications, 2:67
Transactional audit evaluation, 2:91
SAMPLE POLICIES, GUIDES, AND CHECKLISTS
Generally, 4:2 et seq.
Cleanup requirements, real estate transfers triggering, 4:7
Disclosure requirements, real estate transfers triggering, 4:7
Due diligence environmental investigation checklist, 4:6
Investigation checklist, 4:6
Management plan, 4:5
Quantifying transactional risks, worksheet for, 4:4
Real estate transfers triggering state cleanup or disclosure requirements, 4:7
SARA
Financial responsibility of tank owners and operators, 1:103
Title III. Emergency Planning and Community Right to Know Act (EPCRA), this index
SENIOR MANAGERS
Forms and exhibits, protecting against vicarious liability, 4:1

SHAREHOLDERS’ LIABILITY
Environmental compliance program, cleanup costs, 1:30

SOLID WASTE
Defined, 4:37

SOLID WASTE MANAGEMENT
Best Demonstrated Available Technology (BDAT), 1:99
Classification of wastes, 1:95
Closure requirements, 1:101
Corrective action, 1:102
Derived from rule, 1:95
Disposal of hazardous waste, 1:101
Federal rulemaking, 1:94
Generators of hazardous waste, 1:99
Hazardous and Solid Waste Amendments (HSWA), 1:94
Hazardous waste, 1:95, 1:101
Hazardous waste management units (HWMUs), 1:101
Industry standards for disposal of waste, 1:100
Interim status facilities, 1:101
Land disposal restrictions, 1:99
Large quantity generators, 1:99
Medical Waste Tracking Act, 1:94
Mixture rule, 1:95
Notification of Hazardous Waste Activity, 1:99
Oil recycling, 1:97
Recyclable materials, 1:97
Resource Conservation and Recovery Act (RCRA), 1:94 et seq.
Small quantity generators, 1:99
Solid waste defined, 1:95
Solid Waste Disposal Act (SWDA), 1:94
Special waste defined, 1:95
State programs, 1:99
Storage of hazardous waste, 1:101
Treatment of hazardous waste, 1:101
Exemptions, 1:99
TSD facilities, 1:101
Universal wastes, 1:100
Used Oil Recycling Act, 1:94
Wastewater treatment units, 1:101

STATE AND LOCAL LAWS
Air quality standards, 4:30
Corrective action programs, 2:78
Enforcement, 1:126

Index-32
INDEX

STATE AND LOCAL LAWS—Cont’d
Groundwater monitoring and testing for closed landfills, 4:35
Internal audit privilege, 2:7
Labeling and advertising of products, 1:144, 1:146
Operating permits under Clean Air Act, 4:31
Permit regulations, 1:126
Permits for groundwater and surface water discharge, 4:36
Proposition 65, 1:144
Self evaluation privilege, 2:7
Solid waste management programs, 1:99
Tracking, 3:68
Underground storage tanks, 4:47

STATE ENVIRONMENTAL AUDIT POLICIES
Auditing and self reporting resources, 4:12

STATUTORY LIMITATIONS
Environmental compliance program, 1:77

STORAGE AND USE OF HAZARDOUS SUBSTANCES
Aboveground storage tanks, 1:69
Adverse reactions to health or environment, 1:64
Annual chemical inventory, 1:47, 1:48
Asbestos, 1:66, 1:71
Availability of unpublished health and safety studies, 1:62
Emergency response plans, 1:42 to 1:46
Extremely hazardous substances (EHSs), 1:43, 1:44
Internal audit review, 3:34
Material Safety Data Sheets (MSDS), 1:47, 1:48
Permits, 1:112
Planning compliance procedures, 2:50, 2:51
Polychlorinated biphenyls (PCBs), 1:65
Polymer manufacturers, 1:56
Premanufacture notices (PMNs), 1:55
Registration requirements, 1:113
Reporting
Compliance and reporting requirements, 1:40
Emergency Planning and Community Right to Know Act (EPCRA), 1:44, 1:46-1:48
Material Safety Data Sheet (MSDS), 1:47, 1:48
Significant New Use Rule (SNUR), 1:57
Storage tanks
Aboveground, 1:69
C.F.R. requirements for, 4:44
Environmental compliance, C.F.R. requirements for storage tanks, 4:44
Underground, 1:70
Substantial risk of injury, 1:61
Underground storage tanks (USTs), 1:70, 4:47

Index-33
STORM WATER
   Permit requirements of EPA, 4:32

SUCCESSOR CORPORATIONS
   Cleanup liability, 1:30
   Risk assessment, 2:81, 2:82

TIMETABLES AND SCHEDULES
   Environmental compliance program, transactional audits, 2:85, 2:86

TOXIC SUBSTANCES CONTROL ACT (TSCA)
   Adverse reactions to health or environment, 1:64
   Asbestos regulations, 1:66
   Availability of unpublished health and safety studies, 1:62
   Chemical Data Reporting Rule, 1:60
   Compliance audit and program, 1:58
   Disclosures
      Release of hazardous substances, 1:61
   Storage and use of hazardous substances, 1:55, 1:56, 1:61
   Enforcement
      Compliance audit and program, 1:58
      Inventoried substances, 1:54
      Lead, 1:67
      New substances or new uses, 1:57
      Section 6 regulation, 1:58
      Significant New Use Rule (SNUR), 1:57
      Storage and use, generally, 1:53
   EPA enforcement powers, 1:53
      Compliance audit and program, 1:58
      Inventoried substances, 1:54
      New substances or new uses, 1:57, 1:58
      Section 6 regulation, 1:58
      Testing requirements, 1:57
   Export Notification Rule, 1:68
   Imports and exports, 1:68
   Inventory of regulated substances, 1:54
   Lead, 1:67
   Mixtures, notification of import or export, 1:68
   Notification to EPA, 1:68
   Penalty exposure, 3:41
   Polychlorinated biphenyl (PCB) regulations, 1:65
   Polymer manufacturing, 1:56
   Preliminary Assessment Information Rule, 1:60
   Premanufacture notices (PMNs), 1:55
   Record retention, 1:59, 1:64
   Regulated substances, 1:54
   Release reporting
      Adverse reactions to health or environment, 1:64
      General public disclosure procedures, 1:111

Index-34
INDEX

TOXIC SUBSTANCES CONTROL ACT (TSCA)—Cont’d
Reporting requirements, 1:59 to 1:62
Reports and records, polymer exemption status, 1:56
Section 8(c)
   Adverse reaction record retention, 1:64
   Record retention, 1:64
Section 8(d), availability of unpublished health and safety studies, 1:62
Section 8(e), new information regarding substantial risk, 1:61
Seizure of unauthorized substances, 1:53
Significant New Use Rule (SNUR), 1:57
Storage and use reporting
   New information regarding substantial risk, Section 8(e), 1:61
   Polymer manufacturers, 1:56
   Premanufacture notices, 1:55
   Significant New Use Rule, 1:57
   Substantial risk of injury, 1:61
   Substantial risk of injury, 1:61
   Testing requirements, 1:63
   Voluntary testing agreements with industry, 1:63

TRAINING PROGRAMS
   Internal audit review, 3:34
   International standards and laws, 3:73
   Meetings, 3:5
   Planning, 2:51, 3:4
   Seminars, 3:5
   Videotapes, 3:7
   Workshops for management, 2:21

TRANSACTIONAL AUDITS
   Committee or team, 2:85, 2:86
   Confidentiality, 2:88
   Consultants, 2:89
   Cost evaluation, 2:91
   Procedural considerations, 2:86, 2:87
   Reliability, 2:92
   Risk assessment evaluation, 2:91
   Sampling and testing, 2:90

UNDERGROUND STORAGE TANKS (USTS)
   Closure, 1:103
   Corrective action, 1:103
   Design and installation, 1:103
   Financial responsibility of tank owners and operators, 1:103
   Leak detection standards, 1:103
   Resource Conservation and Recovery Act (RCRA), 1:103
   Superfund Amendments and Reauthorization Act (SARA), 1:103

UNIVERSAL WASTES
   Solid waste management, 1:100
VICARIOUS LIABILITY
Forms and exhibits, protecting the company, directors, officers, and senior managers against, 4:1

WASTE
Chemicals, discarded chemical products and residues, 4:39
Discarded chemical products and residues, 4:39
Exclusions, 4:38
Hazardous waste
Defined, 4:37
Recycling, 4:40
Solid waste defined, 4:37
Standards and categorical lists, generally, 4:37 to 4:40

WASTEWATER
Categorical effluent guidelines for, 4:34
Environmental compliance, categorical effluent guidelines for wastewater, 4:34

WATER
Clean Water Act, 1:84
Drinking water checklist, 4:33
Effluent guidelines for wastewater, 4:34
Great Lakes Water Quality Guidance, 1:93
Groundwater monitoring and testing for closed landfills, 4:35
Permits for groundwater and surface water discharge, 4:36
Standards and categorical lists, generally, 4:32 to 4:36
Storm water permit requirements of EPA, 4:32
Wastewater, categorical effluent guidelines for, 4:34

WORDS AND PHRASES
Average passenger occupancy (APO), 1:83
Average vehicle occupancy (AVO), 1:83
Best available control technology (BACT), 1:81
