   Worker and occupant protection, 2:64

Attorneys
   Professional services contract, expert and specialized legal representation, App 6X

Audits
   Admissibility of internal audits, 5:139

Bankruptcy
   CERCLA actions, effect of PRP’s bankruptcy, 6:134
   Enforcement of hazardous wastes law, effect on, 5:162
   Imminent hazard RCRA actions, effect on, 6:33
   TSD facility owner/operator, effect on TSD’s permanent permitted status, 5:96

Bestfoods, et al., United States v.
   Case law, App 6T

Biennial reports
   Generators of hazardous waste, 5:36

Biotechnology
   Generally, 2:93
   Policy statement of EPA, App 8C

Boilers and industrial furnaces
   Permanent permitted TSD facility standards, 5:103

Bona fide prospective purchasers
   CERCLA new amendments and, App 6V
Bulk shipments or transports of hazardous wastes
Generator manifest, 5:33
Transport manifest, 5:51

Burden of proof
Worker exposure to chemicals, 9:8 to 9:12

Buyouts
De micromis, 6:149
De minimus, 6:148

Cancellation of pesticide registration
See Pesticides (this index)

Century Alumina co., et al., Mathes v.
Case law, App 6Y

CERCLA
See Comprehensive Environmental Response, Compensation And Liability Act (CERCLA) (this index)

Chemfuel
Permanent permitted TSD facilities standards, 5:105

Chemical Facility Anti-Terrorism Standards (CFATS)
Toxic Substances Control Act (TSCA), 2:94

Children
Food with pesticide residues, exposure to, 8:20

Chlorinated naphthalenes (non-PBC chemical)
Generally, 2:69

Chlorinated terphenyl (non-PBC chemical)
Generally, 2:69

Citizen suits or petitions
CERCLA provisions enforcement, 6:153

Citizen suits or petitions—Cont’d
Community right-to-know provisions, 6:187
Consumer Product Safety Act, 4:9
Feasibility and expense considerations, 5:146, 5:147
Intervention, 5:145
Language of citizen suit, 5:143
Limitations and prohibitions, 5:144
Manifest system requirements, 5:147
Pesticides regulations, 3:91
Trade secret protection, disclosure, 6:181
TSCA provisions, 2:76 to 2:77
TSD facility standards, 5:146
Underground storage tanks, EPA’s regulations, 5:171
Wastewater effluents, 7:16

Civil monetary penalty inflation
Adjustments, App 2P

Clean air
See Air Pollution (this index)

Cleanup statutes

Spills on waters. See Spills On Navigable Waters (this index)

State, voluntary cleanup statutes,
6:162, App 6H

Clean water
Spills on navigable waters. See Spills On Navigable Waters (this index)
INDEX

Clean water—Cont’d
Wastewater effluents. See Wastewater Effluents (this index)

Closure
Employee rights, layoffs and plant closings, 2:79
Treatment, storage, or disposal (TSD) facilities
Financial requirements, 5:72, 5:97
Interim status facility, 5:70 to 5:72
Permanent permitted status facility, 5:95 to 5:97
Postclosure, 5:71, 5:72
Underground storage tanks, federal requirements, 5:168

Community right-to-know provisions of the Superfund Amendments and Reauthorization Act of 1986 (SARA)—Cont’d

Enforcement provisions—Cont’d
State superfund provisions, summary of selected, App 6H
Trade secret protection, 6:185
Extremely hazardous substances, obligations of facility owners and operators, 6:167
Obligations of facility owners and operators
Contaminated aquifers owners and operators, App 6Q
Emergency notification in event of release
Generally, 6:166
Contents of notice, 6:169
Extremely hazardous substances, 6:167
Other substances, 6:168
Extremely hazardous substances, 6:167
Initial notification, 6:165
Reporting requirements, routine or periodic
Generally, 6:166, 6:172
Disclosure to public, inventory reporting, 6:175
Inventory reporting, 6:174, 6:175
Safety data sheets, 6:173
What must be reported, 6:178
Who must report, 6:177
Summary of selected state superfund provisions, App 6H
Summary of selected state underground storage tank provisions, App 6I
Trade secret protection
Generally, 6:179
Citizen petition for disclosure, 6:182
Criteria, 6:181
Disclosure to governor, 6:184
Community right-to-know provisions of the Superfund Amendments and Reauthorization Act of 1986 (SARA)—Cont’d
Trade secret protection—Cont’d
Disclosure to health professionals, treating doctors, and nurses, 6:183
Enforcement and confidentiality protection, 6:185
Procedure for claiming, 6:180

Composite Wood Products Act
Formaldehyde standards, App 2N

Comprehensive Environmental Response, Compensation and Liability Act (CERCLA)
Generally, 6:35, 6:36
Actions against responsible parties under Section 107—Cont’d
Generally, 6:78, 6:79
Asbestos, 6:87
Bankruptcy of PRP, 6:134
Corporate entities
Dissolved corporations, 6:102
Employees, shareholders, and officers, 6:108
Parent corporations, 6:109
Successor corporations, 6:107
Defenses, statutory, 6:119
Federal facilities, 6:85
Gasoline service stations, 6:90
Indemnification and exculpatory schemes, 6:83
Liability
Bankruptcy of PRP, 6:134
Contribution, 6:111 to 6:113, 6:131
Divisibility of harm among PRPs, 6:114
Indemnification and exculpatory schemes, 6:83
Joint and several liability and correlative rights of contribution, 6:111

Comprehensive Environmental
Response, Compensation and Liability Act (CERCLA)
—Cont’d
Actions against responsible parties under Section 107—Cont’d
Liability—Cont’d
Limitations on liability, 6:80
Orphan shares, 6:115
Persons liable, below
Scope of liability, 6:111 to 6:115
Standard of liability, 6:110
Strict liability, 6:110
Limitations on liability, 6:80, 6:84
Limitations on natural resources damage recovery, substantive and procedural, 6:84
Natural resources damage recovery limitations, substantive and procedural, 6:75, 6:84, 6:123
Persons liable
Dissolved corporations, 6:102
Federal agencies, 6:104
Generators, 6:105
Innocent purchasers, 6:100
Owners and operators, 6:99 to 6:104
Private owners and operators, 6:99
Secured creditors and other fiduciaries, 6:101
State and local governments, 6:103

Corporations
Dissolved corporations, 6:102
Employees, shareholders, and officers, 6:108
Parent corporations, 6:109
Successor corporations, 6:107

De micromis, actions against responsible parties under Section 107, 6:92

Employer-related issues, 6:72, 6:73, 6:108

Enforcement of CERCLA requirements
Citizen suits, 6:153
State enforcement, 6:154
### Comprehensive Environmental Response, Compensation and Liability Act (CERCLA)

—Cont’d

Feasibility studies under CERCLA, outline or summary of contents of remedial investigations, 6B, 6L

Government-funded cleanup of hazardous waste sites and spills (Sections 104 and 105)

- Applicability, 6:53
- Assessment of damages to natural resources, 6:75
- Contractors, cleanup issues, 6:72
- Employee-related issues, 6:72, 6:73
- Fate of removed substances, 6:76
- Federal expenditure of trust funds, 6:54
- Impact on private property, 6:74
- Information-gathering authority
  - Generally, 6:68
  - Access, entry, and condemnation, 6:70
- Enforcement, 6:71
- EPA revised policy on discretionary information release, 6M
- Requests, information, 6:69
- Investigations/feasibility studies, outline of contents of remedial, 6B
- Miscellaneous limitations on section 104 expenditures, 6:77
- National contingency plan
  - Administrative record, 6:61
  - Cost-effectiveness, 6:64
  - Extent of remedy, 6:62, 6:63
  - Private party voluntary cleanups, 6:60
  - Public participation, 6:59
  - State and local standards and participation, 6:65, 6:66
  - Statutory requirements, 6:57

### Comprehensive Environmental Response, Compensation and Liability Act (CERCLA)

—Cont’d

Government-funded cleanup of hazardous waste sites and spills (Sections 104 and 105)

—Cont’d

- National priorities list
  - Compilation, effect, and challenges, 6:56
  - Criteria and development, 6:55
  - EPAs hazard ranking system, 6G, 6G-1
  - Subsurface intrusion component to hazard ranking system, addition, 6G-1
- Natural resources damages, assessment of, 6:75
- Reportable quantities, 6:54
- State mandatory cooperation, 6:67
- Worker protection, cleanup issues, 6:73
- Government to funded cleanup of hazardous waste sites and spills (Sections 104 and 105)
- National contingency plan
  - Evaluation and analysis, 6:58 to 6:61
- Indemnification and exculpatory schemes, 6:83
- Investigations/feasibility studies under CERCLA, outline of contents of remedial, 6B, 6L
- Judicial review
  - Litigation-related matter, 6:130
  - Preenforcement judicial review, 6:47
- Limitations
  - Actions against responsible parties under Section 107, 6:80, 6:84
  - Claims against the fund, Sections 111 and 112, 6:123, 6:124
Comprehensive Environmental Response, Compensation and Liability Act (CERCLA)

Modification of permit, 5:113; 5:117
Notice requirements, 5:81
Notification requirements, 5:62, 5:81
Permanent permitted status and its standards
Applicability of part 264 standards, 5:79
Categorical non-waste fuels, 5:105.50
Closure and postclosure
Financial responsibility, 5:95
Substantive requirements, 5:97
Financial responsibility
Generally, 5:92
Absent owner/operators, 5:96
Bankrupt owner/operators, 5:96
Closure and postclosure, 5:95
Liability insurance requirements, 5:93

Index-48
INDEX

Treatment, storage, or disposal (TSD) of hazardous wastes facilities—Cont’d
Permanent permitted status and its standards—Cont’d
Financial responsibility—Cont’d
State and federal TSD facilities, 5:94
Groundwater protection and corrective action
Operational requirements, 5:90
Preconditions, permitting, 5:91
HSWA land ban, EPA regulatory implementation of, 5:100
Ignitable, reactive, or incompatible waste, 5:86, 5:101
Siting of hazardous waste facility, 5:107
Standards applicable to all TSDs
Emergencies, preparedness for and prevention of, 5:88
Floodplain location standards, 5:87
Identification number, 5:80
Ignitable, reactive, or incompatible waste, 5:86
Inspection, 5:84
Manifest system requirements, 5:89
Notice requirements, 5:81
Personnel training, 5:85
Salt dome prohibition, 5:87
Security, 5:83
Seismic location standards, 5:87
Waste analysis, 5:82
Standards of performance for specific TSD facility
Generally, 5:98
Boilers and industrial furnaces, 5:103
Categorical non-waste fuels, 5:105.50
Chemfuel, 5:105
HSWA land ban, EPA regulatory implementation of, 5:100

Treatment, storage, or disposal (TSD) of hazardous wastes facilities—Cont’d
Permanent permitted status and its standards—Cont’d
Standards of performance for specific TSD facility
—Cont’d
Ignitable and reactive waste stored in containers or tanks, 5:86, 5:101
Incinerators, 5:102
Land disposal, 5:99, 5:100
Miscellaneous section 3004 requirements, 5:104
Underground storage tanks, 5:106
Transition from interim status, 5:78
Permit, requirements and procedure
Generally, 5:108
Application requirements, 5:110 to 5:112
Boilers and industrial furnaces, 5:124
Contents of permit, 5:115
Deadlines, 5:126
Denials, 5:126
Duration of permit, 5:116
Effect of permit, 5:120
Emergency permits, 5:121
Expiration of permit, 5:119
Information requirements, 5:112
Interim status termination, 5:126
Issuance, modification, and revocation followed by reissuance of permit (procedures), 5:113
Landfills, 5:123
Modification of permit, 5:113; 5:117
Other laws, requirements of, 5:111
RCRA-based requirements, 5:110
Reissuance of permit, 5:113; 5:119

Treatment, storage, or disposal (TSD) of hazardous wastes facilities—Cont’d
Permit, requirements and procedure—Cont’d
Research and development activities, 5:125
Revocation followed by reissuance of permit (procedures), 5:113
Rule, permits by, 5:121
Surface impoundments, 5:123
Suspension and revocation (procedures), 5:114
Termination of permit, 5:118, 5:126
Underground Injection Control (UIC) well permits, 5:122
Who must have permit, 5:109
Personnel training, 5:85
Place of hazardous waste facility, 5:107
Reissuance of permit, 5:113; 5:119
Research and development activities, 5:125
Revocation of permit, 5:113, 5:114
Salt dome prohibition, 5:87
Security, 5:83
Seismic location standards, 5:87
Siting of hazardous waste facility, 5:107
Standards
General, 5:63
Interim status, above
Landfills, wastes excluded from, 5:76
Permanent permitted status, above
Surface impoundments, 5:123
Suspension of permit, 5:114
Termination of permit, 5:118, 5:126
Transition from interim status, 5:78
Transporters as TSD facility, 5:48
Underground storage tanks, 5:106
Waste analysis, 5:82

Treatment, storage, or disposal (TSD) of hazardous wastes facilities—Cont’d
Who is regulated
Generally, 5:58
Disposal facilities, 5:61
Storage facilities, 5:59
Treatment facilities, 5:60

Tris (2,3-dibromo-propyl) phosphate (dbpp, tbpp, and tris-bp)
Generally, 2:68

Tsc
See Toxic Substances Control Act (TSCA) (this index)

Tsd facilities
See Treatment, Storage, Or Disposal (TSD) Of Hazardous Wastes Facilities (this index)

29 cfr part 1910
Occupational Safety and Health Standards, App 9B-1

Underground injection control (UIC) well permits
Generally, 5:122, 7:40
Enforcement, 7:42
Substantive endangerment standard, 7:41

Underground storage tanks
Generally, 5:163, 5:164
Applicability of federal requirements, 5:165
Citizen suits, 5:171
Closure, federal requirements, 5:168
Community right-to-know provisions, summary of selected state underground storage tank provisions, App 61
Corrective action requirements, 5:167
Enforcement, 5:170
Underground storage tanks
—Cont’d
EPA’s UST regulations, 5:164 to 5:172
Federal requirements, 5:165 to 5:171
Financial responsibility, 5:169
Permanent permitted status and its standards of performance, 5:106
State programs, 5:172
Substantive requirements for active USTs, 5:166
Summary of selected state underground storage tank provisions, App 61
TSD facility, 5:106
Well permits, Underground Injection Control (UIC), 5:122
Case law, App 6T
Unreasonable risk of injury under tsca
Disclosure of confidential information, necessity of, 2:46
Regulatory powers and options when present, 2:22
Variance, wastewater effluents
